****PROGRAMME TIMES SUBJECT TO CHANGE ON THE DAY AT THE DISCRETION OF EVENT OFFICIALS****

The Event

Cross-Country

Cross Country events will be conducted on a 15-30 minute marked course where competitors are required to race continuously for a minimum of 2.5 - 3 hours for seniors and 2 hours for juniors. Riders start as a class, each class separated by 1 minute intervals. A designated refuelling area is available and all refuelling and mechanical work is carried out in this area.. Juniors compete at different times to the above classes and the length of their competition will also vary. To be a finisher a competitor must have completed at least 75 percent of the laps of the winning rider in their class. The cross country format rewards riders with consistency and endurance.

Sprint Format

A sprint is run on the format of an Enduro special test. Riders complete as many heats of the course as indicated in the final instructions (or at the discretion of the Clerk of Course)

There will be an escorted sighting lap of the course prior to the commencement of the event. Times will be cumulative: the rider with the least accumulated elapsed time for each class will be the winner and so on. Start order will be seeded by the event marshalls on the day

The Course

All tracks consist of a mixture of existing Motocross Tracks, flowing natural terrain grass track, tight scrub, rocky trails and some logs. All competitors are to follow the marked course which is identified by arrows and bunting.

Two arrows adjacent on the course are GATE course markers ie. riders **MUST ALWAYS** pass between these arrows. Any slashed area **IS** the course, riders must not leave the slashed areas. We will maintain the course as much as possible but Riders **MUST** stay to the original intent of the course throughout the event, regardless of the condition of the bunting, any deviation from the intended course is a breach of these instructions. No deviation will be accepted. Any competitor found to have deviated from the intent of the course and gaining an advantage will be given a time penalty of a minimum 5 minutes up to exclusion for that heat, special test and or event.

The Cross Country Courses for Round 5 will be:

- Seniors – 10.0km
- Juniors (J2, J3, J4) – 10.0km
- Juniors (JJ & J1) – 4.0km

The Special Tests for Round 6 will be:

- Nutrien Ag Junior Test - JJ & J1 – 4km
- Nutrien Ag Junior Test - J2-J4 – 6km
- WSB Senior Test – 6km
